WELCOME

Dear Attendees,

Welcome to **Mining & Critical Minerals Latin America Conference and Exhibition!** We are honoured that you can join us here at this premier international event dedicated to critical minerals, mining and commodities here in São Paulo, Brazil.

Brazil has always been a mining sector global powerhouse, occupying a place among the top five mineral producers in the world. In fact, Brazil is the world's second largest producer of iron ore, manganese, tantalite, and bauxite and continues to be the world's top producer of niobium.

In October 2025, Brazil's Mining Policy Council (Conselho Nacional de Política Mineral – CNPM) was officially installed, with a renewed focus on critical minerals and rare earths. It is composed of 18 Federal Ministers, chaired by Minister of Mines and Energy Alexandre Silveira, along with the CEO of the Brazilian Geological Service (CPRM). Representatives from states, municipalities, civil society, and academic institutions with expertise in mining are also members.

The CNPM also announced plans to update Brazil's outdated National Mining Plan 2030. The new version will guide national mining policy and is expected to be released for public consultation in the coming months. We look forward to this new Mining Plan and the direction it will set for Brazil's mining industry in the years ahead.

At Mining & Critical Minerals Latin America Conference, we seek to share knowledge, facilitate important conversations and help regional and global mining and energy industry stakeholders stay abreast of the latest trends and developments. We hope you can build on this diversity of attendees from Brazil and beyond to make excellent connections and forge new business opportunities.

This event in São Paulo is part of our global Energy Transition, Critical Minerals and Mining Investment Conference Series. To date, this Conference Series have been held in Singapore, Japan, India, Australia, UK, United Arab Emirates, Canada and USA. We also organise MiningTech Conferences in Vancouver, Canada and Sao Paulo, Brazil. Globally, our events cover Africa, Australia, Asia, Latin and North America and Europe. To find out more, you can speak to us or browse at our website www.spire-events.com.

In closing, we hope you will have a great Mining & Critical Minerals Latin America Conference experience ahead.

Yours sincerely,
Daniel Radziszewski

SILVER SPONSOR

STGEORGE MINING LIMITED

St George Mining Limited is focused on developing critical minerals projects in Brazil and Western Australia. The company's 100% owned Araxá Project is a de-risked project with world-class potential in Minas Gerais, Brazil, located adjacent to CBMM's world-leading niobium mining operations. The Project shows extensive high-grade niobium and REE mineralisation from surface, with more than 500 intercepts of high-grade niobium (>1% Nb₂O₅) with grades up to 8% Nb₂O₅ plus rare earths with grades up to 33% TREO.

RECENT EXPO EVENT IN VANCOUVER, CANADA

MININGTECH NORTH AMERICA EXPO

Held from 20-21 November in Vancouver, it is the largest annual event in the province of British Columbia, Canada dedicated to technology, AI and digital innovation in mining. Councillor Sarah Kirby Yung, Deputy Mayor of Vancouver welcomed 500+ attendees to this event while Michael Goehring, President and CEO of Mining Association of British Columbia, delivered the opening keynote address.

OUR GLOBAL OUTREACH

**Mining & Critical Minerals India
Conference & Expo
(10 - 11 February 2026)
Mumbai, India**

**Botswana Mining & Energy (BME)
Conference & Expo
(16 - 17 March 2026)
Gaborone, Botswana**

**Mining & Critical Minerals Middle East
Conference & Expo
(13 - 14 April 2026)
Dubai, United Arab Emirates**

**Critical Minerals Australia
Conference & Exhibition
(20-21 May 2026)
Perth, Australia**

SNAPSHOT OF OUR SELECTED UPCOMING EVENTS
